

Eligibility criteria for cone beam computed tomography (CBCT)

Southern Cross will only reimburse the cost of cone beam computed tomography (CBCT) under a member's policy when at least **one** of the following criteria is met for that member:

1. For the assessment of impacted teeth.
2. For the assessment of complex third molar anatomy.
3. For the assessment of oral pathology.
4. For the assessment of temporomandibular joint (TMJ) disease or disorders.
5. For the assessment of sinus disease.
6. For the assessment of temporal or skull bones.
7. In preparation for image guided surgery.

The cost of the cone beam computed tomography (CBCT) will **not** be reimbursed in the following circumstances:

- for assessment for pre-implant planning
- for orthognathic or orthodontic evaluation
- for the assessment of developmental or congenital facial skeleton deformities.

Please also ensure you are familiar with all **policy exclusions**, including:

- Acute care
- Congenital conditions
- Cosmetic treatment/procedures
- Health screening
- Treatment of any condition not detrimental to health
- Unapproved healthcare services.

Refer to the relevant policy document for specific conditions and exceptions that apply to these exclusions.
