

Cancer Assist

A one-off payment when you need it most

Cancer Assist provides extra financial support, over and above your health insurance should you be diagnosed with a qualifying cancer.

What is Cancer Assist?

Cancer Assist is an affordable add-on to your health insurance for additional peace of mind.

It provides you with a cash payment if you're diagnosed with a qualifying cancer. Designed to give you more choice during a tough time, you can spend it however you like. Use the payment for things like additional non-Pharmac approved drugs, mortgage payments, travel or simply taking care of life and family.

Cover options up to \$300,000

You can choose your level of cover from: \$20,000, \$50,000, \$100,000, \$200,000 or \$300,000.

If you have a confirmed cancer diagnosis, you will receive the Cancer Assist maximum you have chosen as a tax-free one-off payment to spend on what's important to you.

Cover your family for total peace of mind

Critical Illness is designed for the whole family, and it's easy to add your children right from birth. You'll pay child rates until they're 21, and only pay for two kids - the rest are free!

Cancer Assist could be used for:

- **Additional treatments** – paying for additional or alternative treatments that may not be covered by the public system or health insurance. These could include new treatment options or non-Pharmac approved drugs.
- **Taking time off** – taking the pressure off needing to work, or reducing your work hours while you're being treated for cancer.
- **Cover family's income** – providing financial support so a partner or family member can take time off from work to be with a child diagnosed with a qualifying cancer.
- **Staying on top of bills** – helping with household expenses like mortgage payments or rent and credit card payments.
- **Treatment travel costs** – covering flight or petrol costs if you need to travel for treatment.
- **Childcare and home help** – making sure the kids are well cared for while you are having treatment, or arranging extra help around the home.
- **Overseas travel and fulfilling your dreams** – taking a holiday to relax or visiting loved ones overseas.
